

New Tools, New Space, New Directions

Welcome back to the Tool Library Newsletter! It has been a while since we have sent one of these out, but don't worry, we will start sending them daily from now on. Did I say daily? I meant to say you'd be lucky to hear from us in a month.

First, we want to say thank you to all of our awesome members and supporters of this great community resource!

Along with the new memberships we have acquired some awesome new tools like the Extractigator, Pallet Buster, pneumatic nail shooter outer thing, battery string trimmer and a spankin new lawn mower. We are also in the process of becoming our own nonprofit! This opens up a world of potential for us. The biggest news of all though is that we have outgrown our space at 133 Church St and our lease ends this August. We are asking our community for help in locating a new space so we can serve more people, expand our inventory and offer more services.

We need your help!

Our lease is up in August; help us find an awesome location so the Tool Library can keep growing!

We are looking for a *centrally located 1000 sq ft + space with easy parking for loading and unloading*. Our budget is roughly \$1.00/sq ft.

If we can get a large enough space we would love to expand our inventory, have a woodworking shop and space for workshops/classes. However, our first priority is keeping the doors open and basic services operational!

If you have any leads or know someone who might, please email us at ashevilletoollibrary@gmail.com

[We would also like to take into consideration the preferences of our members and prospective members in this search and would greatly appreciate you taking a few moments to fill out this survey.](#)

NEW TOOL:

Husqvarna lawnmower

Self propelled means easy mowing for this spring. The bag attachment lets you collect your clippings easily for composting.

We are 100% volunteer run and misrun ;-)

We think that is amazing! As we grow so does our need for staff. Being a volunteer is a great way to give back to our community. 9 hours of volunteer work per month gets you 24 hour access to our library. You don't have to have tool knowledge to help. Email us or drop by to find out more!

Hours:

Saturday 11-3

Sunday 12-4

Wednesday 4-7
